Constituting of 40 departments across various disciplines of medical sciences, S.C.B. has provided continuous , relentless and dependable medical services not only to the state but the entire eastern zone of the country. Equipped with modern facilities and technological aids, S.C.B. has always strived to improve the healthcare scenario of our state.

Under the most able and brilliant leadership of our honourable Dean and Principal, Prof. Dr. Siddharth Das sir, S.C.B. has achieved new heights.

Under the able guidance of our beloved dean and principal, Prof. Dr. Siddharth Das sir, our college has witnessed an academic burst in the past few years. The entire scenario of the college has been changed drastically to suite the needs of the students. Some of the major improvements that took place are as follows,

1. The construction of Gents hostel 3 & new 1st year gents hostel for better and more comfortable accommodation of students.
2. The construction of new gents P.G. hostel.
3. The construction of the new academic block that encompasses 4 new lecture theatres and one lecture theatre for the dept. Of community medicine, new and equipped laboratories of physiology, biochemistry, pharmacology and microbiology, a new and larger external reading room. And a very well equipped and humongous central library.
4. The increment of seats to 250 for the undergraduate students.
5. The construction of a modern and we'll equipped swimming pool.
6. Innaguration of the flood lights facilities for various night sports events in the medical College ground.

And many more..

Our most revered and benevolent supdt. Prof. Dr. P.K. Debata sir has always helped the students achieve their goals.

BRIEF HISTORY;

The College was established in 1944. Thus completing 75 years of its establishment in the year 2019. But history records a medical dispensary to be present at this exact location long before the above mentioned dates, perhaps sine the late 18th century. In 1874 this dispensary was made into a general hospital mainly to treat the pilgrims on their way to Puri. And finally in 1944 the hospital got its present day name.

ACADEMICS ;

The medical college offers the following courses-

MBBS, BDS, MD, MS, DM, Mch, DNB, and PhD

The U.G. courses got recognised by the M.C.I. in 1951.

And the P.G. courses got recognised in 1962.

it is one of the very few medical colleges of the country that admits 250 students in one batch for under graduate studies. The alumni of this college have went on to be some of the greatest and best physicians the world has ever known. The proficiency of the post graduate departments is praiseworthy as well.
